Please replace the paragraph beginning at page 14, line 15, with the following amended paragraph:

--Several straps 88 have one end attached to the sheet 82 and are wrapped around beneath the mattress or crib frame, having a second end with corresponding sections of hook and loop material 86 which are releasably attachable to the aforementioned hook and loop material 84 on the sheet 82. Hook and loop material is the preferred method of strap attachment but any suitable method including but not limited to, buttons, snaps and buckles may also be used. The straps 88 themselves preferably have elastic properties, but any suitable strap may be used. Each of the straps 88 is attached to or threaded through a spacer 90. The spacer 90 is a flat, generally rectangular sheet which, having a plurality of apertures
